

Thousands Have Kidney Trouble and Never Suspect It.

Prevalence of Kidney Disease
Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physician, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

THE GREENVILLE JOURNAL.

HOME PHONE 244

THURSDAY, OCT. 31, 1907.

CITY NEWS.

O. S. Rimer spent Sunday with friends in Piqua.

The election is next Tuesday. Don't forget to vote.

Mrs. John Huber visited in Richmond, Ind., the past week.

Misses Ethel Meeker and Ruby Gilbert spent Sunday in Arcanum.

Harrison Coblenz of New Madison transacted business in this city Friday.

Mrs. Etta Henkle and daughter Celia visited friends at Brookville last week.

Mrs. A. H. Meeker and daughter Miss Belle are visiting relatives in Cincinnati.

Mrs. Adam Fissel of Cincinnati is visiting relatives and friends in Greenville and vicinity.

Taylor Dorman and wife attended the laying of the Masonic temple cornerstone at Troy last Friday.

The condition of Miss Bessie Brown still remains critical and chances for her recovery are very doubtful.

Joe Shillito, formerly of Greenville but now of Cambridge City, Ind., transacted business in this city Monday.

Mrs. George Gunckel of Charleston, S. C., is visiting her mother, Mrs. Lanessa Turner, West Third street.

Henry St. Clair's condition remains very unfavorable; he seemingly is better at times, then has a relapse, thus losing what little strength he has gained each time.

Mr. and Mrs. E. C. Otwell visited relatives and friends at Knightstown, Ind., the past week, the former returning Monday evening and the latter remaining for a few days.

Mrs. Taylor Fitts, who was thought to be nicely recovering from a severe attack of appendicitis, has suffered a relapse and is said to be in a very precarious condition.

S. A. Hostetter, cashier of the Second National Bank, who was with a hunting party up in the wilds of Maine, suffered an attack of heart failure one day last week, which compelled him to return home.

New suits for borrowed money are being instituted almost daily against Attorney John Fox, who left for parts unknown a few days ago, and it is said the Federal authorities are now looking for him for receiving pension

money belonging to a young girl by the name of Pember, of whom he was guardian, and appropriating it for his own use.

The Journal's roll of honor for the past week consists of the following named patrons:

Harrison Coblenz,
Rev. E. W. Webster,
Wm. Caryer.

Don't you want to see your name printed here?

Henry Cline was fishing along Painter Creek on Tuesday of last week, when he heard a voice from above, and on looking up saw the balloon with a man in it with a megaphone pointing at him, and the voice asked him, "Are they biting good?" And Henry fell in the creek.—Arcanum Enterprise.

Frederick Scheffler, who resided in Allen township, dropped dead of heart failure last Saturday morning while in his barnyard preparing to go to Rossburg on business. He was aged about 60 years and had been in poor health for some time. Funeral services were held Monday afternoon, with interment in Teegargen cemetery.

Rev. E. W. Webster, pastor of the U. B. church at Rossburg, this county, was in the city Tuesday and paid this office a pleasant call. Rev. Webster has but recently come to this county from his native state of Virginia, and has been duly authorized to solemnize matrimony in this state. In addition to his Rossburg charge he preaches at New Weston, Rose Hill and Hiestand churches.

Officers arrested Martin Bowser, who resides between Versailles and Gettysburg, last Saturday for cruelly whipping and mistreating a 12-year-old boy indentured from the Children's Home, to which charge he pleaded guilty in Mayor Maher's court and was fined \$100 and costs. It is said he tied the boy's right hand to a post and holding him by the left beat him unmercifully. The child's right arm was so badly injured at the elbow that he was taken to Cincinnati Wednesday by a local physician for an X-ray examination to ascertain the nature and extent of his injuries.

COURT HOUSE NEWS.

PROBATE COURT.

Eighth accounts filed in guardianship Roy C. and Edward S. Smith.

Final account filed in estate of Mack McCabe.

Mary E. Coppess, widow of Frederick Coppess, elected to take under will of said decedent. Sale bill, report of private sale and final account filed in estate of Charles L. Stuhlman.

There are 500 Young Men and Young Women in Darke County

who would hold much more profitable positions through life, or who would manage their own business affairs more safely and successfully should they take the very thorough and practical training for business given by the long established, widely known and influential

Commercial College

Established in 1880
A. D. WILT, President Dayton, Ohio

This training which has aided so many thousands of its graduates to success may be relied on to greatly aid you or yours. As business is now conducted, you cannot afford to go into business yourself or try to work for others without it. With the practical knowledge of the methods, laws, and account keeping, and of shorthand we give our students, they find ready employment everywhere.

520 Positions Opened to Our Graduates 1906

Many of these were at fine salaries. We are unable to fill all demands on us. OUR COURSE IN BOOKKEEPING and business practice has trained the head bookkeepers of the National Cash Register Co., The Barney and Smith Car Works, The Platt Iron Works, The Malleable Iron Works, every one of the wholesale grocers, and all but a few of the bank cashiers and bookkeepers.

Charles L. Hubbard, Esq., for some years cashier of the Darke National Bank, recently wrote: "MY DEAR MR. WILT:—During my business career, I have been head bookkeeper for a wholesale, retail and manufacturing establishment, chief clerk in one of the treasury departments of the United States government, and in the last position I have been for many years cashier of the National Cash Register Co. I am profoundly grateful for having been a student in your Commercial College, and attribute to the thorough, practical, and business-like training which I received in your college, the success I have attained in my career."

THE MIAMI is the only college of any size in Dayton which teaches the Pitman System of Shorthand exclusively and with a large corps of skilled teachers.

No One Thinking of taking shorthand can afford not to consider

That the Pitman System of Shorthand is written by over ninety per cent of the court reporters, the Congressional Legislature, the high-grade, highly-paid phonographers in the law and business of the United States.

That Phonography is taught in 36 High Schools in cities of over 100,000 population in the U. S., and the Pitman System is taught exclusively in 32 of these schools and the Gregg System in only one city.

That nearly all of the leading business colleges teach the Pitman System. That in a recent list of 890 best college reporters in the U. S., 824 write the Pitman System and only 3 write the Gregg System.

That nearly every rapid and highly-paid phonographer in Dayton is a Pitman writer, and most of our graduates have been in Government employ on the Philippines and the Isthmus and in the United States.

PAYING THEIR WAY THROUGH HARVARD AND OTHER UNIVERSITIES with their Shorthand

A number of our graduates are now, or were recently paying their way entirely or a part through Harvard, Michigan, Chicago, Miami, Antioch, The Western, and other universities, as shorthand secretaries to the president or other university officials. These ambitious for the college education will do well to consult with us.

The Miami Arguments for Your Patronage Are

its up to date thorough courses of instruction.
its force of teachers who have had a large experience in business and in teaching.
its ability to place you in good positions.

Our graduates are prominent business men, accountants and phonographers in all parts of the United States, and are always able and ready to aid other graduates to positions. This is surely a very important advantage which only a long established college like the MIAMI can offer.

There is a Wide Difference between Colleges

The Miami is the only Dayton College of any size which has not made frequent changes in courses of study and in teachers in recent years, a point of much importance.

REPORT OF THE

Committee on Examination of Commissioner's Report.

To the Hon. Jas. L. Albrecht, Judge of the Court of Common Pleas, Darke County, Ohio:

Your committee heretofore appointed to examine the annual report of the County Commissioners of Darke County, beg leave to report as follows:

We have examined all of the items of expenditure made out of the authority or allowance of the said County Commissioners, have verified each of the items as set forth in said report and find that they tally with the bills allowed. Upon examination a few minor errors were found in the making up of the report as to certain expenditures, but upon reference to the bills as allowed they were readily corrected. We have also found that a few of the bills allowed by the Commissioners were somewhat indefinite in the manner in which they were drawn in not stating sufficient facts, as for instance some were defective in not showing the amount of labor or the character of material used on certain works; although this objection occurred in only a few instances, yet we think should indicate exactly the amount and character of the labor and material furnished upon which the amount of the bill is based so that the only question which could possibly arise thereafter would be as to the necessity of the labor performed or the reasonableness of the price of materials furnished, as the case may be.

We wish to commend the Commissioners upon the system they have for handling all claims against, and transacting the business of the county, and their requirements for the making out of bills, and presentation in accordance with the same, is excellent. In cases where necessary requires it, as for example when property of the county is suddenly destroyed and requiring immediate repair, such work is done simply upon the order of the Commissioners, and all of the greater improvements involving an expenditure of money above a certain reasonable amount are entered into after the character of the work and in all instances such contracts were found to be properly drawn and defensible as to the amount and character of the labor and material to be furnished and the price of same.

We further wish to commend the Commissioners relative to the manner in which the contracts for the construction of bridges, structures and superstructures have been let. When a proposed improvement has been granted by the Board of Commissioners, the County Surveyor to prepare plans and estimate the cost of the improvement. This estimate of the Surveyor is then presented to the Board of Commissioners, and if approved, the contractors are engaged in a competitive bidding, and we find that the present Board is simply following the custom of the past Board in such matters as these are beyond our powers as an examining committee, for they involve a construction of the State and the Procurement Attorney desires to wait upon the opinion of the Attorney General.

The committee further wishes to state that considering the area of this county, its population and wealth and the enormous amount of business which is yearly increasing and transacted by its Board of Commissioners, that they do not believe there is another county in the state where its business is transacted in a more economical and business-like manner. In order to show the great amount of business transacted by the county during the past year, we submit the following as gathered from the profiles, contracts, etc., we find that the county during the past year has constructed twenty-seven bridges, aggregating for miles in length, and at a cost of \$100,000. We find that seventeen miles of road have been constructed or are under construction, costing \$60,000. We further find that bridge repairing has been done at a cost of \$10,000.

We wish to thank the Board of Commissioners and its clerk, Mr. A. T. Marker, and also the County Auditor for the courteous way in which we were assisted in the performance of our duties.

H. L. YOUNT, Prosecuting Attorney.
ALBERT E. FOUST, T. C. MILLER, Committee.

Every Family In

Darke County should be well supplied with good, interesting and instructive reading. Just what you want is the Greenville Journal, which will be sent to any address in the county for \$1.00 per year; six months for 50 cents; out of the county for \$1.15. Did you ever stop to think that in one year the Journal furnishes two thousand, nine hundred and twelve columns of reading matter? And all for only \$1.00—less than two cents per week! Come in and give us your subscription, and if you have a friend living at a distance who would appreciate the news from old Darke, you couldn't do a better act than to make him a present of the Journal for one year. Friends, give this matter a careful thought.
